#### 1. Commission Discussion of Recreational Access Issues within Arizona

The Commission engaged in discussion regarding recreational access issues, including possible short and long term approaches to address the issues in the future. This discussion stemmed from the march 23, 2011 Commission decision to close the 2011 antelope hunts originally approved for Game Management Unit 19B during the fall of 2011 and from public input and interest that occurred since that decision.

Jon Cooley, Pinetop Regional Supervisor, facilitated this meeting. Background information and a summary of workshop objectives were provided. Discussion focused on defining the current conditions and establishing the desired future conditions. These discussions will continue at a future date in another workshop setting.
