**NOTE:** This is not a complete list. There are several smaller schools throughout the nation that offer Trap and Skeet programs as well as additional intercollegiate programs for Trap and Skeet being developed every year. Programs may also fade away.

If anyone would like some additional first hand information of shooting collegially please feel free to give me a call or send me an e-mail at any time and I will be happy to talk with you about any of the above schools and/or my personal experience shooting for my university.
